

# Care1st Health Plan Arizona Behavioral Health Drug List

The Care1st Health Plan Arizona Behavioral Health Drug List (BHDL) includes the behavioral health drugs that are listed on the AHCCCS Drug List. The BHDL applies to the following members:

- Non-Title 19 and Non-Title 21 persons with the SMI, serious mental illness, designation.
- Non-Title 19 and Non-Title 21 children and adolescents with the SED, serious emotional disturbance, designation.
- Title 19 or Title 21 members who are only enrolled in the Care1st Health Plan Arizona Behavioral Health Plan.

The BHDL is not a complete list of all drugs used to treat behavioral health conditions. If you need a drug that is not on the BHDL, you may ask your doctor or pharmacist to fax a prior authorization request to 602-778-8387 or send it electronically to:

<https://www.covermymeds.com/main/prior-authorization-forms/>.

You also may call the Care1st Member Services at 1-866-560-4042 (TTY/TDY 711) if you have any questions about the medications not listed on the BHDL.

The drug list is updated often and changes during the year. At your convenience, you may view the latest drug list by clicking on the following link below:

<https://www.care1staz.com/az/providers/formulary>.

## Pharmacy Program

Care1st provides clinically appropriate, medically necessary, and cost-effective medicines. Your plan covers prescription drugs and certain over-the-counter (OTC) drugs when ordered by a doctor. There are drugs that require prior authorization approval (PA) before the pharmacy can give you your medication. Some drugs also have age, dosage, or quantity limits.

Care1st is a mandatory generic plan. This means that the generic drug has the same active ingredient as the brand name medication. The generic drug will generally be provided to you at the pharmacy, unless the BHDL specifically notates that the brand name drug is preferred. If a generic is not available, there may be more than one brand name drug that can be used in your treatment. The BHDL is reviewed often by the Care1st Pharmacy and Therapeutics (P&T) Committee. They review the BHDL to ensure clinically appropriate and medically necessary cost-effective medications are available to treat your behavioral health conditions.

## Dispensing Limits

You can get up to a thirty (30) day supply for most medications. You can get up to a ninety (90) day supply if:

- The medication is prescribed for chronic condition.
- You will be out of the service area for an extended period of time.
- The prescription is limited to the extended time period.

For most drugs, 85% of the 30-day supply must have been taken by the member before the medication can be refilled.

## Prior Authorization and Other Limits

Some drugs listed on the BHDL may require prior authorization (PA). Your doctor or pharmacist may submit a PA for you. The PA may be submitted by your doctor or the pharmacist by using the Medication Prior Authorization Form. This form is located on the Care1st website at

<https://www.care1staz.com/az/providers/frequentlyusedforms.asp>.

They may also fax the PA form to 602-778-8387 or send the PA electronically to

<https://www.covermymeds.com/main/prior-authorization-forms/>

Antipsychotic drugs and lithium on the drug list require a Prior Authorization if they are not ordered by a psychiatric provider or other approved specialist.

If the PA request is approved, Care1st will notify your doctor by faxing the approval letter to them. If the clinical information provided does not meet the criteria for the requested medication, Care1st will:

- Review the request and notify you and your doctor of our decision.
- Let you know about alternative medications if available.
- Provide information about what you can do to appeal our decision if you do not agree with it.

| <b><i>Abbreviation</i></b> | <b><i>What it means</i></b> | <b><i>How it works</i></b>                                                                                                                                                                                                                                         |
|----------------------------|-----------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| AL                         | Age Limit                   | Some drugs are only covered for certain ages.                                                                                                                                                                                                                      |
| F                          | Formulary                   | These drugs are preferred on the Care1st drug list. Drugs not listed require prior authorization approval.                                                                                                                                                         |
| MP                         | Maintenance Product         | These drugs are used to treat long-term conditions or illnesses.                                                                                                                                                                                                   |
| NF                         | Non-Formulary               | These drugs require authorization approval for coverage by Care1st .                                                                                                                                                                                               |
| PA                         | Prior Authorization         | Your doctor must request prior authorization approval from Care1st before coverage of some drugs.                                                                                                                                                                  |
| QL                         | Quantity Limit              | Some drugs are limited in the amount that is covered without prior authorization approval.                                                                                                                                                                         |
| SP                         | Specialty Product           | These drugs are used to treat complex or rare conditions such as hepatitis C or rheumatoid arthritis.                                                                                                                                                              |
| ST                         | Step Therapy                | <p>In some cases, you must first try certain drugs before Care1st covers another drug for your medical condition.</p> <p>For example, if Drug A and Drug B both treat your medical condition, Care1st may not cover Drug B unless you have tried Drug A first.</p> |

## Emergency Supply Policy

In emergent situations, the pharmacy may dispense up to a 4-day supply of medication to any member awaiting PA determination. The purpose is to avoid interruption of current therapy or delay in the start of therapy. Participating pharmacies are authorized to provide up to a 4-day supply of traditional behavioral health (non-specialty) medication. Have your Pharmacy call the Pharmacy Help

Desk at **1-877-817-0474** for help filling a 4-day emergency supply.

## Exclusions

The Care1st BHDL does not include certain drugs. The following types of drugs are excluded from coverage. They also are not available for a 4-day emergency supply.

- Drugs that are considered experimental or investigational
- Drug Efficacy Study and Implementation (DESI) drugs
- Prosthetic appliances and devices
- Medications to treat physical health conditions
- Oral vitamins and minerals or OTC drugs with the exception of those listed on the BHDL or if a member has a deficiency of a vitamin not listed on the BHDL if it treats a behavioral health condition
- Nutritional supplements
- Medical marijuana
- Drugs eligible for coverage under Medicare Part D (for Medicare eligible members). Copayments and cost-sharing for drugs to treat behavioral health conditions are covered for SMI members who are also eligible for Medicare.

## Newly Approved Products

Care1st reviews new drugs for safety, and effectiveness before adding them to the BHDL. During this period, access to these drugs will be considered through the PA review process.

## Filling a Prescription

You can fill prescriptions at a Care1st participating pharmacy. To find a network pharmacy, visit the Care1st website at:

<https://www.care1staz.com/az/providers/network.asp>

You may also call member services for help finding a network pharmacy near you. When you pick a pharmacy, please bring your Care1st ID card with you to the pharmacy. The pharmacy will need the information located on the card to fill your prescription.

For More information about your pharmacy benefits, please review your Member Handbook or call Member Services at 1-866-560-4042 (TTY/TDY 711).
